Dear Bonita Forsyth,

We still remember when you came to Horsefly School and taught us the different techniques for watercolour painting. Some of us still have and use the bookmarks. It was delightful to hear your stories and look at your art work.

Mrs. Farkas has just finished reading your book "Ice" to us. We loved the book! We liked how you included details and description in the book. For example, the dragon was described very well. Your book was full of drama and excitement.

We would like to know when "Fire-Book II" will be available in bookstores. We are very excited to read Book II! We are so glad that you are an author.

Thank you for writing "Ice" and all you have done for the kids at Horsefly School.

Your biggest fans,

The Grade 4/5/6 class of Horsefly School
